ROADSIDE ASSISTANCE

Eligible Vehicles

Most motor vehicles are eligible for 24-hour roadside assistance provided they are not loaded, altered or constructed in such a way as to cause damage or create a hazard when being serviced. Road Services will be provided to eligible vehicles that were in operation immediately prior to disablement. They include:

- Four-wheel passenger vehicles, pickup trucks (including unloaded dual-wheel pickup trucks), sport utility vehicles, vans and minivans are eligible for those services which can be safely delivered with standard equipment.
- Dual-wheel vehicles will be provided all services except towing, extrication/recovery & tire service.
- Light Duty Commercial Vehicles are eligible for Light Service ONLY, providing those services can be delivered using standard tools and equipment, excluding taxi cabs and limousines.
- AAA Plus RV extends present AAA Plus benefits including dual-wheel tire service, to include motorhomes, pickup trucks with campers, travel trailers, fifth wheeled travel trailers and motorcycles. Boat trailers, utility trailers, and snowmobile trailers are excluded.

There is a seven (7) day waiting period after receipt of dues payment before upgrade to AAA Plus RV services may be activated. No refunds will be given for PLUS RV dues.

Minor Mechanical First Aid

When it is safe, minor repairs not requiring parts or supplies may be attempted at the scene to get your vehicle on the go. However, following this service it is recommended that you proceed to a repair facility to consult a qualified technician. AAA cannot guarantee the availability of repairs; the AAA Service Representative or the independent service provider can assist you in locating a local AAA Approved Auto Repair facility.

Tire Service

If your vehicle's spare tire is inflated and serviceable, it will be installed to replace a flat tire, when possible. When a serviceable spare tire is not available or cannot be installed, towing will be provided under the towing benefit.

Battery Jump-Start/Boost

If your vehicle's battery is dead, the service technician will jump-start your vehicle, if possible. If it cannot be started, towing will be provided under the towing benefit.

ROADSIDE ASSISTANCE

AAA Mobile Battery Service

Whether you're on the road or you never got out of your driveway, AAA will come to you. We will diagnose and attempt to jump-start your dead battery or provide towing service to your destination of choice.

If we cannot jump-start your battery, we can offer a replacement on the spot. Our technicians will perform a convenient, no-cost diagnostic test and evaluation of your battery and electrical system and if needed, install a new battery at your request.

Our high-quality batteries are available for purchase at exclusive Member-only prices and include a 3-year free replacement nationwide warranty. Delivery and installation is free on most vehicles.

Emergency Fuel Delivery

If your vehicle or motorcycle runs out of fuel, a limited supply will be delivered, if available, to enable you to reach the nearest service station. Classic Members will be charged the current pump price for fuel. Plus, Plus RV, Premier and Premier RV Members will receive a sufficient amount of fuel to reach the nearest open service station at no cost. If you require diesel fuel, please request it when you call for service, as it may not always be available. In some cases, your vehicle may have to be towed if it runs out of fuel. If fuel delivery is not available, towing will be provided under the towing benefit.

Accident Coverage

Additional fees resulting from an accident are limited to \$150 for charges related to recovery, loading, clean-up and properly securing damaged panels.

Extrication/Winching Service

If your vehicle becomes stuck, it will be extricated or winched as long as it is adjacent to a passable, established road or thoroughfare and can be safely reached from the hard road surface. The extrication provisions cover one standard truck and one technician. Coverage limitations apply as follows:

- Up to \$75 maximum with Classic Membership
- Up to \$100 with Plus Membership
- Up to \$150 with Premier Membership

If the vehicle cannot be operated after extrication, the towing benefit will apply. If additional manpower or non-standard equipment is required, the associated costs will be at the member's expense.

ROADSIDE ASSISTANCE

Vehicle Lock-out and Locksmith Service

If the key that operates or provides access to the passenger compartment of the vehicle is lost or broken, locksmith service will be sent to gain entrance. If you are locked out, lockout service valued up to \$50 is covered for Classic members, excluding ignition repair/replacement. Locksmith parts, labor and service valued up to \$100 are covered for Plus and Plus RV members to make the vehicle operable, and up to \$150 are covered for Premier and Premier RV members. If the vehicle cannot be safely opened or made operable, or the locksmith cannot replace the key, towing services will be provided under the towing benefit.

Towing Service

When your vehicle cannot be started or safely driven, it will be towed without charge to your destination – up to five miles from the point of breakdown or to the station rendering service for Classic members, and up to 100 miles for Plus and Plus RV members. With Premier and Premier RV, you can use one 24-hour roadside assistance call per household per membership year for a tow of up to 200 miles, and the remaining three service calls for tows of up to 100 miles or other covered services. Recreational vehicles are eligible for the 100-mile tow benefit under Plus RV and one 200-mile tow under Premier RV. One tow per mechanical breakdown can be made at AAA's expense. A per-mile charge at the locally prevailing rate will apply to all towing miles in excess of those covered. These charges are payable at the time of service to the service provider via cash, credit and debit cards or your personal check (up to \$250). Charges for miles in excess of the paid miles provided are based on the total actual measured miles towed, except when use of a provisional estimate is required, and because of travel time and/or safety considerations, this may not be the shortest possible route. Member is responsible for all toll charges to the tow destination and for the tow trucks return.

Extreme Weather

Severe weather conditions may cause unavoidable delays, and/or limitations in service. Your patience and understanding in these emergency situations is always appreciated. In the case of snowbound cars, service will be provided only where driveways, streets or highways are reasonably free of snow or ice, to allow the service vehicle to reach the car without risking tie-ups of vital equipment. Servicemen will NOT shovel snow; vehicle must be cleared free of snow and ice.

ROADSIDE ASSISTANCE

Other Special Conditions

Although AAA offers 24-hour, coast-to-coast service, it cannot and does not necessarily guarantee service under all conditions and circumstances, especially on toll roads where AAA service vehicles are not permitted. While delays may occur due to reliance upon the human element, our record is remarkable; a stranded motorist is rescued every five seconds, around the clock and around the nation.

Roadside Assistance Restrictions:

What's Not Covered

- Service on taxis, buses, dual-wheeled box trucks, limousines, or modified vehicles which would prevent the vehicle from being towed safely (i.e. plows).
- UNTAGGED AND UNREGISTERED VEHICLES DO NOT QUALIFY FOR ROADSIDE ASSISTANCE.
- Services to vehicles which AAA has determined to be unsafe due to overloading or which require heavy duty equipment to safely provide service. Service to a vehicle which is snowbound, including unplowed streets or driveways.
- Service on a vehicle to which a plow is attached (plow must be removed by Member before a covered vehicle will be towed).
- Member is responsible for any additional charges for altered or modified vehicles requiring special equipment and/or procedures to safely load and unload the vehicle.
- Service to an unattended vehicle, service to vehicles located at a repair facility where repairs can be performed, except when it has been confirmed that the repairs cannot be provided.
- Removal of a vehicle from a closed repair facility.
- Multiple tows per disablement are not covered (Only one tow is permitted per disablement)
- Use of two or more Roadside Assistance service calls to extend the Member tow mileage benefit for the same breakdown.
- Service to a vehicle located in areas such as vacant lots, back, front or side yards, beaches, fields or barricaded streets.
- Towing service is intended for personal, non-commercial use and is only provided for a covered vehicle disablement and will not be provided for the purpose of transporting vehicles due to a purchase, sale, renovation, auction transaction, car show exhibition, charitable donation, relocation, use of a shop outside of the local area or any other similar situation. Such tows are considered "convenience tows" and are not covered Roadside Assistance services.

ROADSIDE ASSISTANCE

Roadside Assistance Restrictions: What's Not Covered (*continued*)

- Tow requests for a vehicle to or from the street to the driveway (unless obstructing traffic); one location to another on the property; a closed repair facility; a vacant or unattended location, an auto auction; or for the purposes of buying, selling, trading, junking, or donating.
- Tire service for dual-rear wheel trucks or vans (except under Plus RV Rider).
- Towing of utility trailers attached to a covered vehicle (service for the trailer may be provided at the Member's expense).

- Taxi service from site of disablement (tow trucks are limited as to the number of passengers they can accommodate). Taxi service or other transportation can be arranged at the Member's expense. See exception for Premier Members. Service may be restricted, delayed, or suspended without notice due to severe weather, disease, civil unrest, declaration of state of emergency by any federal or state government official, or other conditions that the Club, at its sole discretion, deem a harm to service providers, Members or others.
- Service may be suspended or denied if Member makes verbal or physical threats, whether in person or not.
- An individual's membership may not be used by a business or organization to provide roadside assistance service for its customers.
- Your membership benefit cannot be transferred to or used by any other person. The Member calling for Service must be present at the time of the service technician's arrival. The Member will be asked to produce their membership card and a photo ID. AAA reserves the right to refuse service if appropriate documentation is not provided.

Other Liability Conditions

Road Service facilities are selected for their ability to handle service calls. However, we cannot guarantee that these facilities will always have the parts and equipment to make repairs.

In most areas, Road Service facilities are independent businesses and are not employees of AAA or its affiliates. Responsibility for loss, damage or unsatisfactory workmanship remains with the Road Service facility providing the service. These Road Service facilities are required to carry insurance. Any liability or property claim must be presented to the AAA Reading-Berks staff or the affiliated service facility within 24 hours and prior to any repairs.

ROADSIDE ASSISTANCE

AAA Approved Auto Repair

Our AAA Approved Auto Repair facilities are conveniently located, held to the highest standards for evaluation, labor, and maintenance, and backed with a 24-month/24,000-mile warranty. As a member, you can qualify for special discounts, as well as a free maintenance inspection upon request with any paid service. Vehicles towed to any of our Approved Auto Repair facilities will be evaluated within an hour of arrival (during normal business hours).

Reimbursement Requests

If AAA Roadside Assistance is not available and you obtain service from a non-AAA facility, you may submit your request for reimbursement consideration up to the amount it would have cost AAA to provide the covered service under similar circumstances. You must make every effort to contact AAA to request service through Roadside Assistance first. Requests must be submitted with the original receipt within 30 days of service. Some toll roads and some limited access highways provide their own Roadside Assistance and will not permit AAA to come to your assistance. You should request that they tow your vehicle to their lot off the toll road so that you may contact AAA to request service. In some instances, some of the providers will accept your membership card in lieu of payment to remove your vehicle from the toll road or limited access highway. Otherwise, pay for the service and get an itemized receipt, which you may submit to AAA for reimbursement consideration.

Our **AAA Homeowners policy** provides protection for your home, structures attached to it and other detached structures. Our policies cover loss of use, personal property damage and a menu of other customizable options. When you're renting, your landlord's policy won't cover your personal property, so it's important to be prepared in case of theft or damage. AAA Renters Insurance offers liability protection at an affordable rate.
